## Designed by Legacy Printing

[legacyprinting.ca](https://legacyprinting.ca)

This catalogue and any designs created by Legacy Printing are our intellectual property. As such we take great efforts in protecting what we have created.

If you find one of our models being sold that is not under our name or does not have an attached Commercial License please inform us. We would greatly appreciate it!

There are over 410 Models in this catalogue and it is updated regularly! If you would like to purchase any of these miniatures head to our website [legacyprinting.ca](https://legacyprinting.ca) and fill out an order.

Please specify which model you would like with the number if applicable, as there are many that have over 10 options!

## Customizability

If you would like any small changes to be made to a miniature (different stance, weapon, etc.) make sure that you order a Partial-custom Miniature and not the Pre-Designed version, and specify with as much detail as possible what you would like to be modified.

For extensive changes, make sure to order a Full-Custom Miniatures and include any references either from this catalogue or from other sources.

NOTE: If the desired model is not allowed under an SRD we will not be able to design it from the source material
